The Audi R8 FSI V8, registered in 2007, is a four-wheel drive car that delivers a thrilling driving experience. Powered by a 4.2-litre petrol engine, this vehicle combines performance with iconic design. With a boot space of 400 litres, the R8 offers practicality that sets it apart from other performance cars, providing ample room for luggage or everyday essentials. Furthermore, its impressive acceleration allows it to go from 0 to 62mph in just 4.6 seconds, demonstrating its superior speed compared to similar vehicles.
